

Trained Sensory Panellists – 10 casual positions

The Commonwealth Scientific and Industrial Research Organisation (CSIRO) is Australia's national scientific research agency. The CSIRO food program is working to improve food supply in Australia and around the world.

We are currently recruiting for approximately 10 casual positions where successful candidates will be part of a team that tastes, describes and evaluates the appearance, aroma, flavour and texture of different types of foods, beverages or prototypes. Successful candidates will be trained in evaluating products following strict scientific protocols.

DETAILS ABOUT THE ROLE

Location: Werribee, VIC

Salary: \$30.68/hour plus loading and super

Tenure: 12-month casual appointments – up to 2 hours per day on an 'as-needed' basis (*i.e. panellists will not be required every day or every week*)

We encourage applications from individuals who:

- Are available from 10:00 am to 2:30 pm on most weekdays and are willing to be called in at short notice.
- Have a passion for food and science.
- Are willing to taste a wide range of foods and beverages within a laboratory setting.
- Have no known food allergies, food intolerances or chronic metabolic diseases.
- Have good communication & interpersonal skills.
- Have good sensory abilities.

HOW TO APPLY

To express your interest in these casual positions, scan the QR code to start the survey, or complete this at: <u>https://forms.office.com/r/aJFgWFEqVy</u>

Eligible candidates who fulfil all the essential criteria will be invited to participate in a series of tests at our laboratories to ensure they have satisfactory sensory abilities.

Applications close: 22nd September 2024

As Australia's national science agency and innovation catalyst, CSIRO is solving the greatest challenges through innovative science and technology.
